

I am writing to file a complaint against Sinclair Broadcasting for their impending airing of an Anti-John Kerry program. This type of biased media is something that I find personally offensive. Surely you (the FCC) and them (Sinclair) realize that this is wrong and illegal.

Perhaps if the FCC was spending less time looking to censor Athletes and other Celebrities from what you deem inappropriate material, then I would not have to be writing to you to point out this impending violation of your own rules.
